## WE NEED YOUR HELP

### Did you know that:

Due to the senior age of our WWII & Korean War Veterans, America is losing over 600 heroes per day.

The average life expectancy for an American male is 74.4 years, while the youngest WWII Veteran is over 90 years old, with Korean War Veterans over 80 years old.

Sky-rocketing healthcare costs have drained the life savings of most Veterans and their families, so making a trip to Washington DC on their own is unlikely.

Our most senior Veterans have been unable to visit the memorials built in their honor.

### UNTIL NOW!

Honor Flight South Florida Inc. operates exclusively on the generous support and contributions from local organizations and individuals. With your Help, we can turn a Veteran's dream of visiting their memorial into a reality.

Please notify family and friends. We are seeking WWII & Korean War Veterans for their mission of "Thanks".

your support!*

## What is Honor Flight?

Conceived by Earl Morse, a physician assistant and retired Air Force Captain, the inaugural Honor Flight® took place in May of 2005. Six small planes flew out of Springfield, Ohio taking only 12 World War II veterans on a visit to Washington D.C. to see their memorial. Later that year, after word got out, the list of veterans grew and Honor Flight® transitioned from a few small planes to commercial airlines. This was a great accomplishment which allowed them to fulfill their goal of accommodating as many veterans as possible.

Since then, Honor Flight® has flown nearly 200,000 veterans to Washington, D.C. from cities all over the country. Today, Honor Flight® is a national network of non-profit organizations (hubs) throughout the country, like Honor Flight South Florida, whose sole mission is to honor America's Veterans for all the sacrifices they've made on behalf of our country.

Honor Flight South Florida is a 100% all-volunteer organization, dedicated solely to honoring all veterans in Broward, Dade, and Monroe counties. In the final chapters of their lives, it's a race against time to fly these veterans to Washington DC to visit and reflect at the memorials built in their honor. Top priority is given to our most senior defenders of freedom, World War II and Korean War veterans, and those veterans who are terminally ill. Every one of these veterans fly absolutely free.

The veteran's one-day mission to Washington, D.C. includes round-trip airfare, deluxe bus transportation, meals, commemorative tee shirts, and other amenities needed to travel comfortably. Disabled veterans are also welcome; with advance arrangements, complimentary wheelchairs and oxygen will be available.

Every trip is escorted by a team of well-trained volunteers and guardians, who personally accompany this elite group of freedom defenders throughout the day. The volunteers and guardians pay their own way, and 100% of all donations go toward honoring and flying the veterans. Throughout the day of the trip, the veterans are thanked, recognized, and admired for their service to America. They come home personally knowing how much their country loves and respects them. Help us write this final chapter of their lives. Our American veterans deserve nothing less.

**Please help us. With your support, we can turn the dream of visiting their memorials into a reality for these true American Heroes.**

## TIME IS OF THE ESSENCE

**The time to act is NOW! Your generous donations guarantee that every Veteran flies absolutely free.**
